24-Hour Ambulance Service For Daly City Area

—Photo by John Craig

The Record this week presents a picture of the San Mateo County ambulance which has been stationed at Daly City and of part of the first aid crew which operates it.

The men above are, left to right, John Kapor, Emil Bertelli, Gordon King, Commissioner Larry Shaw, First Aid Director Dean Wood, Captain Archie Banfield. In addition, the first aid crew includes Fred Mather, B. L. Meritt, Tom Joyce, Allen Brush, William Brush, Robert Van Zandt, and Roland A. Petrocchi.

The ambulance, which can accommodate 3 stretcher cases at one time, is stationed at the city hall and all calls for it are relayed to the first aid workers by the Daly City Police department. Although supplied by the County of San Mateo, the ambulance was outfitted by the city with blankets and first aid supplies. It is maintained under the supervision of the American Red Cross.

Wood, who directs first aid in this community, is now giving an advanced "brush up" course for all men who serve on the first aid crew so that they will be thoroughly familiar with loading and handling of cases as dictated by the new vehicle.

Increased ambulance protection for Daly City area was initiated by the Northern San Mateo County Municipal and Civic league, early this year, and became a reality through the cooperation of County Executive Fred Peterson and Health Director Dr. Charles C. Gans.

Daly City, Colma Prepare For Drive

Daly City and Colma were both preparing, this week, to make a good showing in the 1944 War Chest drive which opens in this area, as in the nation at large, early in October. Quotas have not been announced definitely but indications are that they will approximate last year's. In 1943, San Mateo county's quota was $225,580.

Mrs. Alma Garibaldi will be chairman for the drive in Colma incorporated and Colma unincorporated. Assisting her will be Mrs. M. Pauline Brown as co-chairman.

In Daly City, Mrs. Clara E. Lane is chairman. Her division leaders are Mrs. Mary Crane, Mrs. Hazel Marsh, and Mrs. Cecelia Hale.

Mrs. Lane stressed the need for volunteers to assist in canvassing the entire community. Anyone interested in giving their service to this important war and home front project in Daly City may contact her at RAndolph 4503 or Mrs. Crane, RAndolph 6479, Mrs. Marsh, RAndolph 0690, Mrs. Hale, DElaware 9415.

Policemen's Plea: No BB Guns Please

One thing seems to lead to another and when the local small fry get out of the house with a BB gun or two street lights and windows come in for a shattering, according to the current reports at the Daly City Police department. August 23 at 3:50 p. m., Officer George Hopman found five San Francisco boys shooting out street lights at Whittier and Hanover. They were severely reprimanded and two BB guns taken over by the officer. The next day, three boys with one .22 rifle came to police attention when they began shooting at Knowles and Niantic. That gun joined the collection at the city hall too.

August 28 at 5:40 p. m. Officer George Savage took two BB guns away from a boy who was shooting in the vicinity of the 300 block on Citrus avenue.

Local police urge parents to remember that shooting with BB guns, or any other type for that matter, is strictly prohibited within the city limits. They ask cooperation, both for the protection of local property and for the youngsters themselves.

Tom Joyce and Archie Banfield rushed Mrs. Charles E. Smith, 6818 Mission street, to Mission Emergency hospital, August 23, in the county ambulance. Just a lit-

NEWS OF OUR MEN and WOMEN IN UNIFORM

Last week's War department casualty lists carried the name of Staff Sergeant **Howard F. Damonte,** whose mother, Mrs. Elizabeth Damonte lives in Colma. He was reported killed in action in the European area.

In June he had been listed as missing in action.

Private **Lee Stephens** writes from Fort Lewis, Washington, to say that he enjoys reading The Record each week. He's at the station hospital there. Formerly he was in Los Angeles where he served for 11 months. For a while he was in detached service in the Bay area. He is the son of Mrs. Winifred Tollefson, 784 Templeton avenue.

CAPPS HOME

Twenty-one days at home mean a lot to a fellow who's been on repeated bombing missions over Europe, according to First Lieutenant **Robert S. Capps,** who tomorrow, September 1, will conclude a brief visit with Daly City friends and relatives. His wife, Mrs. Barbara Mae Capps, will accompany him to Southern California where he will have a rest at Santa Monica before reporting for reassignment.

While in Daly City, Capps, who wears the Air Medal with four Oak Leaf clusters, has been doing the things there's no chance to do in a combat area—going to shows, eating out, just pleasantly having fun with people who are "home folks" in a city where no bombs have fallen. He and his wife spent a week of the time at Boulder Creek. Capps spoke of particularly enjoying a visit with **Howard Vierra,** U. S. Navy, and **Donald Fox,** U. S. Army Air Corps. His trip home also meant a chance to see his brother, **Ralph Capps,** a sound man, third class, U. S. Navy, who is at present stationed at Treasure Island.

According to news releases which The Record has had from the 15th Army Air Force, Capps has participated in many aerial assaults against the network of German industrial centers throughout southern Europe. The lieutenant himself hasn't a lot to say about this. He pilots a B-24 Liberator bomber and according to his less reticent superiors has been doing an outstanding job on the fighting front. He entered the service, April 24, 1942.

Capps is the son of Mr. and Mrs. Walter Capps, 345 Winchester street.

Schedule 2 Games For Park, Sunday

At Marchbank park, Sunday, September 3, the Bayview AC team, managed by Charles Norry, is scheduled to meet O'Neill's Drugs in a baseball game, starting at 12 o'clock. The second game, starting at 2:30 p. m., will feature the Daly City Juniors and Cohn's Cubs.

Local teams were both defeated in last week's games on the diamond, with the Bayviews losing to St. Elizabeth's of Oakland, 6 to 1. The Daly City Juniors were beaten, 5 to 2, by the Junior Seals, in the second game.

August 26, the Daly City Cubs beat the Greater Mission club, 9 to 7, and are scheduled to meet the San Francisco Boys club this Saturday at 2 p. m. Manager Ed Kruse is asking for recruits to strengthen a few weak spots on the squad.

Booklets On Nov. 7 Elections Ready

Secretary of State Frank M. Jordan today started distribution of approximately four million booklets containing arguments and details of a dozen proposals that are to appear on the November 7 general election ballot. These booklets are to be sent to the various county clerks and registrars and eventually they will be forwarded to registered voters. Preliminary copies of the booklets are obtainable now from the office of Jordan at Sacramento without charge.

Jordan has also issued certifications for candidates running in the general election. A total of 169 candidates is running for 129 state and federal posts in addition to the presidential electors for the Republican, Democratic and Prohibition parties.

Daly City's registered voters will have the following choices to make: for U. S. Senator, Sheridan Downey or Frederick F. Houser; Representative in Congress, Eighth district, John Z. Anderson or Arthur L. Johnson; State Senator, Twenty-first district, Harry L. Parkman, unopposed; member of the State Assembly, Twenty-seventh district, Harrison Call, unopposed; presidential electors pledged to Republican candidates, Thomas E. Dewey for president and John W. Bricker for vice-president, or Democratic candidates, Franklin D. Roosevelt for president and Harry S. Truman for vice-president, or Prohi-

City Council

Board Sets 1944-45 Tax Rate At $1.09 By Unanimous Adoption Of Resolution

During the 20-minute session of Daly City's Board of Councilmen, Monday night, August 28, at the city hall, the tax rate for the fiscal year 1944-45 was set by the unanimous adoption of Resolution No. 856. It is $1.09 per $100 of assessed valuation of taxable property within the city. This total combined rate is the same as last year. Excepted from the rate is the annexed portion of the city known as Annex No. 4 as to the 1938 City hall bond fund of 7 cents.

The rate is segregated as follows: for OLD City and Annex Nos. 1, 2, and 3, general government 64 cents, library maintenance 5 cents, unbudgeted reserve and post war planning fund 20 cents, water works reserve fund 8 cents, 1938 city hall bond fund 7 cents, 1941 fire department improvement bond fund 5 cents, total $1.09; Annex No. 4, same for all items with the exception of 1938 city hall bond fund, total $1.02.

Motion to adopt the resolution fixing the tax rate was made by Councilman Edward Dennis and seconded by Councilman Howard McHugh.

A routine transfer of funds took place when upon the motion of Councilman Eugene V. Lynch the board unanimously adopted Resolution No. 857, which transferred $6,000 from the city's general fund to the fire protection fund.

When Mayor A. J. Gaggero called for the reading of communications, a letter from the American Building Maintenance company was read, stating that if members of the Building Service Employees union were given a salary boost the company would have to pass the increase along to the city. Rather than pay more for the monthly janitorial service, Councilman Lynch made a motion that the contract which the city holds with the company be cancelled. The motion was passed unanimously and the city clerk was instructed by the mayor to notify the company that the contract was to be cancelled as of September 30, 1944.

Under committee reports, Councilman Howard McHugh stated that representatives of both the American Legion and Veterans of Foreign Wars would attend a council meeting in the near future to discuss the site for the proposed war memorial to be constructed in Daly City.

The claims were read and Councilman Dennis made a motion, which was unanimously passed, that warrants be drawn on the treasury and the bills be paid.

Councilman McHugh made the motion for adjournment.

Members of the city's official family present at Monday night's meeting were Mayor Gaggero, Councilmen Lynch, McHugh, Dennis; City Clerk B. C. Ross, City Attorney F. E. Hoffman, City Engineer R. A. Klassen, Deputy Health Officer Fred Collins, Water Department Superintendent Arthur J. Bodien, Fire Chief Andrew P. Chesney.

Stores, Public Offices To Observe Labor Day

Many Daly City stores and offices will observe Labor Day, Monday, September 4, as a holiday. The Colma and Daly City branches, Bank of America; the Daly City and Colma branch post offices, all city hall offices with the exception of the police department and draft board, and the public library will be closed.

Most organizations cancelled meetings for that evening, although Crocker Chapter No. 382, O. E. S., will hold its birthday dinner on the holiday.

The office of the Daly City Record will be open, Monday.

Ration Board Needs Help On "A" Books

"HELP!"

That's the word from O. P. A. Board No. 83-12-3, which serves the Daly City area. More volunteers must be procured if the new "A" gasoline books are all to be issued by the time present books expire, September 21, according to Miss Genevieve Blue, chief clerk. At least eight volunteer workers are needed each day to help with the huge task of mailing out "A" books.

"We're simply swamped," Miss Blue said, "and even an hour or two a day from Daly City volunteers would help a great deal."

Local people who could assist in this community service work are asked to call Miss Blue at South San Francisco 1221, designating the hours and days on which they could help.

When asked how the public was responding to the job of correctly filling out and filing their applications for "A" book renewal, Miss Blue said that a number were making the following errors (all of which necessitate the return of the application form and delay):

1. Forgetting tire inspection record. The tire inspection record is to be attached to Form R-534.
2. Failing to use actual signature on the certification. Miss Blue advises motorists to sign their name properly where the actual signature is called for rather than printing or typing.
3. Failing to fill in the speedometer reading as requested on the application form. If the speedometer is broken an explanation must accompany the form. Don't just leave the space blank, Miss Blue said.
4. Neglecting to send the properly signed back cover of the previous "A" book. This is that portion entitled "Certification of Bookholder". It must bear the motorist's signature too.

Those applying for gasoline on the forms, which may be obtained at local gasoline stations or from the board office, 470 Grand avenue, South San Francisco, are asked to fill out the stub. The board intends to mail the books out in window envelopes and if each person has filled in the stub with his name and street address a great deal of typing will be eliminated as well as insuring that the book will be mailed to the proper address.

The ration board made another plea that EVERYONE refrain from telephoning or coming into the office about "A" books. Everything is being handled by mail to speed the issuance. No exceptions will be made, Miss Blue stressed.

HONOR ROLL

Additional names for The Daly City Record's honor roll of men and women in the armed forces are Andrew Conaty, George Young and Ben Young. Only these three were reported, this week.

News items are always welcomed for the "News of Our Men and Women in Uniform" column. Just telephone RAndolph 3215.

Girl Scout Council Will Meet, September 5

The Daly City-Colma Girl Scout Council will meet, Tuesday evening, September 5, at the home of Mrs. Hilda Heagney, 117 Miriam street. Mrs. Stella Jensen, commissioner, will call the session to order at 8 p. m.

Important matters under discussion will include the newly-acquired Scout House, the starting of new troops for girls of the community, and Scout assistance for the coming War Chest drive.

Scouts and Brownies of Daly City will sell War Savings stamps again, Saturday, September 2, in front of Henry Warshawski's Dry Goods store. Public cooperation is asked. In charge of the September 2 sale will be Mrs. Hazel Marsh, leader of Girl Scout Troop No. 2.

Engaging Comedy Opens At Daly City

"This Is the Life", which comes tonight to the screen of the Daly City theatre, is a wholly engaging comedy romance strengthened by a particularly warm and appealing human story. A Universal production, the film stars Donald O'Connor, Susanna Foster and Peggy Ryan, with Louise Allbritton almost as fully important in the story's telling.

It is possibly the best of a series of Universal features by which the brilliant young O'Connor, now in the armed forces, lifted himself to screen stardom. In one previous success, "Top Man", he also had the Misses Foster and Ryan as his co-stars.

Basic plot of "This Is the Life", concerns a foolishly romantic young girl with bright prospects for a singing career who becomes infatuated with an older man, in the person of handsome Patric Knowles, and of the ingenious ends to which her small town boy friend, O'Connor, goes to restore her to himself.

The youth incidentally propels Knowles back into the arms of his divorced wife, portrayed with striking effect by the statuesque Miss Allbritton.

Situations are developed plausibly and the dialogue is notably bright, giving the film excellent pace. Miss Foster's singing is of the superb quality which made her a sensation in the same studio's "Phantom of the Opera" recently.

A highly competent supporting cast includes Dorothy Peterson, Jonathan Hale, Eddie Quillan, Frank Jenks, Ray Eberle and Bobby Brooks.

Meet In San Francisco

Agricultural leaders from nine Central Coast counties are scheduled to assemble in San Francisco, tomorrow, September 1, to discuss current and postwar problems confronting this area. The meeting was called by Frank M. Shay of San Jose, regional vice-president of the California State Chamber of Commerce.

R. I. McLellan, Colma, is a member of the agricultural committee from San Mateo county.

Current Daly City Theatre Attraction

Perturbed is Donald O'Connor, right, to find Patric Knowles embracing Susanna Foster in this scene from Universal comedy romance, "This Is the Life." Louise Allbritton appears merely amused.

County Chapter, American Red Cross, Announces New Course In Home Nursing

Mrs. Albert D. Halloran, Home Nursing chairman of the San Mateo County chapter, American Red Cross, has just released the details of the new streamlined course which will attract a heavy enrollment.

These Red Cross Home Nursing classes are designed to train home makers in the care of the sick at home. For, as the demands of war have taken doctors and professional nurses from the community, women have realized that nothing strikes a family so vitally as illness, and women must be trained to recognize symptoms of sickness, when to call the doctor, and how to follow his orders intelligently.

Teachers of this course have received instruction from Miss Ellen Aird, sent directly from Washington, D. C., to instruct them in a new technique derived from a system employed and proven in industry and known as "Training within Industry." This new system emphasizes precise movements and exact arrangement of material to increase speed and the efficiency is notably adapted to the teaching and performance of Home Nursing.

The new course is limited to a class of ten students and will consist of six two-hour lessons twice a week. This course includes essential instruction for those who were unable to take the standard course and will include care of patient in bed, treatment, medicine, records for doctors, and feeding the sick.

A second new course, to be called a "Continuation of the Streamlined Course," also to be given will consist of six two-hour lessons and be limited to ten students who have completed the streamlined course. A pupil finishing both of these two streamlined courses will be entitled to receive the Standard Certificate. Lessons will cover such subjects as infant and child care, public health, social diseases, home problems and improved equipment.

Mrs. Halloran further stated that classes in the Standard Course of 26 hours, meeting once a week for two hours, will be continued as usual. In response, however, to many requests for amplified instruction from students who have graduated from the Standard Course, the chapter has the distinction of having evolved a "Supplemental Course" which has been approved by the Pacific Area office. This class will consist of four two-hour lessons available to ten students on such subjects as special practise in caring for a patient in bed, discussion of recent developments in medicine, problem of the returning servicemen, and emergency delivery illustrated by movies. Enrollment in these classes may be made by telephoning Home Nursing department of the San Mateo County chapter, American Red Cross, Burlingame 3-4561.

RETURN HOME

Mr. and Mrs. Wulber Butler have returned to their home at 54 Parkview avenue, after a trip to Lincoln, Illinois, to visit their parents. Until this recent leave, Butler, a gunner with the U. S. Navy, had been for 18 months in the Pacific area where he saw plenty of action.

Mrs. Butler is the granddaughter of E. L. Scott of this city.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

SCOUT LEADERS

A meeting for Girl Scout and Brownie troop leaders was held, Monday evening, August 28, at the home of Mrs. Hazel Marsh, 301 Wellington avenue. A secretary was elected for the group. She is Mrs. Ethel Saame. A president will be chosen when there is a larger number of the leaders in attendance.

Formation of a new Girl Scout troop in the Vista Grande area was discussed as was the cleaning and equipping of the new Scout House at Mission street and Theta avenue.

Democrats To Meet

Democrats of Northern California will touch off the 1944 campaign for the reelection of Franklin D. Roosevelt with a talk by United States Senator Claude Pepper of Florida in Oakland Auditorium theatre, Tuesday night, September 5, 8 p. m.

Pepper, outstanding orator of the Democratic party and staunch administration supporter, will come to Oakland from Los Angeles, where he spoke before a gigantic mass meeting. This will be his only public address in Northern California, except for a talk before the Common Wealth Club membership.

The Oakland meeting will be under the auspice of the Democratic County Central Committee of Alameda County and Democrats Inc.

To Help Employers

To help employers utilize all available manpower, Stanford university is offering for the second time the course, "Employment of the Physically Handicapped" as a part of its autumn ESMWT program to be given in San Francisco starting, September 11, at the American Institute of Banking, 58 Sutter street. Emphasis will be placed on the capabilities possessed by handicapped people while studying an analysis of their capacities and the industrial jobs in which handicapped individuals may be employed.

Eli D. Antoniu, Northern California Area representative in the service of the physically handicapped, War Manpower commission, is the instructor.

Other courses starting the week of September 11 in the Stanford program of interest to the personnel and industrial relations are "Employee Counselling," "Industrial Management—Part 1," "Office Management," and "Industrial Safety Engineering."

Further information and details on these tuition-free courses may be obtained by writing to Professor George Solnar, Room 265-A, Engineering building, Stanford university.

Native Sons Change Nights For Meeting

El Carmelo Parlor No. 256, Native Sons of the Golden West, which recently changed its meeting place to Masonic hall, 17 Hillcrest drive, has also changed its meeting nights. Rather than meeting on the first and third Tuesday evenings, members now hold their sessions on the second and fourth Wednesdays.

President James B. Mullen announces that the parlor is participating in a War Bond drive which continues until September 9. Daly City and Colma bond purchasers are asked to cooperate. Any purchases of bonds made through Bernard Lycett, W. C. Lasswell and company, 6154 Mission street, or Ricco Lagomarsino, Lagomarsino and company, 7100 Mission street, will be credited to the Native Sons in their efforts to buy a bomber for the armed forces.

HEALTH REPORT

Communicable diseases reported to the San Mateo County Department of Public Health and Welfare for the local area, week ending August 19, included one case of erysipelas and two cases of scarlet fever in Daly City, while Colma had one case of poliomyelitis.

In the same bulletin of the health division the department warned the public to cooperate to keep swimming pools of the county sanitary. These rules were outlined for everyone's observance:

1. Swimmers should refrain from swimming when their own physical condition might contaminate others.

2. Swimmers should realize that it is their duty to report to those in charge of the pool any negligence on the part of other swimmers.

3. Any neglect on the part of the owner or manager of a pool should be reported to the proper public health authorities.

BACK TO SCHOOL

There is an important date for thousands of California youngsters just around the corner. The long summer vacation is nearly over and the problems of school—classes, home work, "exams"—now loom ahead.

The job of educating our youngsters was never a more vital one than it is today. It is not merely to hand down to them a collection of dusty dates, names and facts, but to inculcate within them appreciation of their privileges and responsibilities as citizens in a democratic nation.

Probably more 'teen agers have worked this summer than ever before. High wages will tempt many of them to stay out of school "just for a while." The longer a youngster stays out, the more reluctant he is to return. The temporary financial advantage gained by continuing to work will never compensate for the lack of a complete education.

Parents should not only insist that their children return to school, but should encourage them to save a substantial part of their earnings for their future education. These funds should be put into War Bonds or a bank savings account. Branch banks, statewide in service, provide convenient facilities for both forms of savings. Money set aside for a higher education will pay dividends which cannot be measured in dollars.

The American Public Schools system is a bulwark against the flood of foreign ideologies. We must make full use of it. The enlightenment and training which our children gain in their classes today will be sorely needed tomorrow when they, as members of the older generation, must cope with the difficulties growing out of the present world upheaval.

So to America, returning school days mean young, able hands are being trained to protect and add to the greatness of the years ahead.

LABOR DAY

Little celebration, plenty of work—this will be the theme of America's thrid wartime Labor Day.

Although the workers of this nation cannot slacken in their efforts to turn out the needed materials of war, they can look back on a record of production unparalleled in world history.

Because American labor came through in the pinch, American-built planes fill the skies over Europe, the South Pacific, and are making frequent visits to the homeland of Japan itself. American-built ships plod the seas in greater number than ever before, making up the greatest merchant fleet in the world. American-built tanks are swarming over the fields of France, driving the Nazis back toward the Rhine. American-made bombs and bullets and shells are bringing home to the Axis the folly of challenging America's industrial might.

All this has been done in spite of the many hundreds of strikes which have plagued the nation and at times caused serious obstruction to war work. But in fairness to American labor as a whole, it should be pointed out that a great number of these walkouts were never sanctioned by union officials nor approved by the millions of men and women who have stayed on the job faithfully, putting the interests of their country first.

Intelligent labor leaders realize that only as the unions prove themselves responsbile and keep their demands within reason can labor retain the benefits it has gained and continue its march of progress. And this is what they and the great majority of American workers wish to do.

So, on this Labor Day of 1944, we hail the American men and women—54 million strong—who form the "grand army" of the home front. They have proved worthy soldiers in the battle of production.

Welfare Board To Aid Servicemen

A half million California citizens now serving in the armed forces are looking forward to the day when they will be mustered out of uniform and back into civilian life. With the approach of final victory, these valiant service men and women seek the security and peace of mind and heart coming with their re-establishment in their home state and communities.

The Veterans' Welfare board, agency for California service men and women of both World Wars I and II, has announced facilities to aid the return of service folks to satisfactory civilian status. Patterned after the four bond issues, overwhelmingly adopted by the citizenry in state elections in 1922, 1926, 1930 and 1934, enabling twenty thousand veterans of World War I to acquire their own farms and homes, Proposition No. 1 provides similar assistance to service men and women of World War II.

A state-wide Citizens' Committee of several thousand public-spirited men and women from all groups and interests—business, labor, industrial, agricultural, veterans, service families, welfare organizations, educational, denominational and patriotic—is being completed to work for the unanimous adoption of the measure. Ed W. Bolt, State Commander of the American Legion, department of California, is general chairman of the Veterans' Farm and Home committee, with offices at 1006 Merchants Exchange building, San Francisco, phone GArfield 3052.

READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

Hilary St. George Saunders is probably the world's most widely published author today. However, his new book, "Pioneers! O Pioneers!" is the first to come out under his own name. Official Recorder of the British Government, his books on various phases of the war, published anonymously, "The Battle of Britain," "Bomber Command" and "Combined Operations," have sold millions of copies in England. "Combined Operations" was also a Book-of-the-Month Club selection in our own country. In addition, he has written with a collaborator and under the pseudonyms, David Pilgrim and Francis Beeding, some fifty historical and mystery novels.

HILARY ST. GEORGE SAUNDERS

"Pioneers! O Pioneers!" is the result of a trip which Mr. Saunders made to the United States in 1943, at the special invitation of Elmer Davis, Head of the Office of War Information. While here, he traveled about the country for some six weeks, conferring with officials and speaking before defense factory workers and other groups. His book is a shrewd, penetrating, and sometimes humorous account of his impressions of America at war as he saw it at that time.

In Hollywood, one of his favorite persons was Walt Disney, of whom he says, "He has the simplicity of greatness and the greatness of simplicity." He was also impressed by the Hollywood Mogul who greeted him with a ten-minute oration, with gestures, on the origins of the war, on Hitler, and on what he had said to the House of Commons the last time he was in London. Writes Mr. Saunders, "It was the first time in my life that I had been addressed as a public meeting at a range of two feet. I was stunned." Then the Mogul, seeing the effect he had made, paused and with a disarming smile remarked, "That wasn't a bad act, was it, considering I only had five minutes' warning of your arrival . . . Now if I had only known this morning that you were coming . . ."

Mr. Saunders was entertained by all sorts of people during his visit, and he is duly grateful for American hospitality. But what he seems to have enjoyed most was a visit he paid one summer day to a peaceful Iowa farm, run by an old farmer, his wife and his son. This farmer, who reminded him of a character from the Old Testament, told him, "A good sky, a good rain and a good earth—if everyone had these they could be content."

"Basic History of the United States" by Charles A. and Mary R. Beard, will be the Book-of-the-Month Club book-dividend for September and October.

In the days of the Puritans, relates W. E. Woodward, in "The Way Our People Lived," a statute forbade a man to kiss his wife in public. The chronicles of the time record the case of a Boston sea captain who had been away for a year on a long voyage. On his return his wife went down to the water's edge to welcome him. He took her in his arms and kissed her, with many people looking on. For that serious piece of misbehavior he was taken before a magistrate and sentenced to two hours in the pillory on his first afternoon on land.

Veterans Employment Service Council Appoints Financial Committee For Year

Holding its third consecutive meeting in three months, August 17, at the office of the U. S. Employment Service, 215 Linden avenue, South San Francisco, the Veterans Employment and Information Service Council of North San Mateo County appointed a financial committee to fix a budget and ascertain means to raise funds for functions of the council during the coming year.

R. L. Crane jr., superintendent of the Jefferson Elementary School district at Daly City; Andrew Rocca, representative of the Chamber of Commerce of South San Francisco, Rudolph Rapsey, attorney-at-law, representative of the San Bruno Post of the American Legion, and William H. Kalbach, representative of the National Association of Manufacturers in the North San Mateo area were appointed as members of this committee.

The format of the new "Directory of Services to Veterans," a catalogue listing the services of all agencies to veterans in this area was also decided upon.

This council, as one of 1500 other similar councils throughout the nation, has been initiated by the U. S. Employment Service for the purpose of planning a coordinated program for the rehabilitation, training and employment of veterans in the North San Mateo County area, with the objective of helping veterans make the adjustment to civilian life in the shortest possible time.

By congressional authorization through the Wagner-Peyser Act of June 6, 1943, further supplemented by the GI Bill of Rights (The Servicemen's Readjustment Act of 1944), the U. S. Employment Service maintains a Veterans Job Placement Service. It has been considered desirable to designate the local office of that agency as the central point of contact for veterans within this community. With this in mind, the local council is planning to print cards for general distribution with the name, address, and telephone number of the local representatives who would serve at the information center in each locality.

In planning for the time when the large scale demobilization of soldiers will take place, the council has dedicated itself to the following objectives:

1. To secure the cooperation of all employers in the program for the employment of veterans.
2. To develop a program to educate employers in the use of the handicapped in order that disabled veterans may be given opportunities for suitable employment, utilizing their highest skills.
3. To develop employment opportunities for veterans through planned public and private projects.
4. To secure community support in expanding training facilities in the community in order that veterans may receive vocational rehabilitation training within or near their homes.
5. To promote a clear understanding within the community of the services offered the veteran by all agencies represented on the council.

Other members of the council include civic, fraternal and religious organizations.

Firemen Respond To Three Alarms

Only three fire alarms were turned in between Thursday morning, August 24, and Wednesday morning, August 30, according to reports on file for the Daly City Fire department.

When a grass fire broke out in the vacant lot on Wellington avenue next to Our Lady of Perpetual Help church at 1:43 p. m., Companies 1, 2, and 4 reported to fight it, supervised by Chief Andrew P. Chesney and Battalion Chief Elmer Kennedy. Less than an hour later the three companies had to return as the wind had fanned the flames up again. Assistant Chief Arthur Bodien reported on this second call.

At 2:15 p. m., Tuesday, August 29, Companies 1, 2, and 4, Chesney, Bodien, and Kennedy rushed to Box 16, San Jose avenue and Flournoy street, only to find that the alarm was false.

Launch Drive To Curb Road Sign Vandalism

Launching of a determined campaign to stamp out road sign vandalism in San Mateo county was announced, today, by Mrs. Bessie Hayes, executive secretary of the San Mateo Traffic Safety Commission. The county engineering department and the Public Safety department of the California State Automobile association are joining in the drive.

Mrs. Hayes said that there has been a recent increase in the activities of road sign vandals and that immediate steps must be taken to end the mutilation and destruction of these signs, many of which are irreplaceable due to shortages in materials and manpower to erect them.

Elimination of "this wanton destruction," she said, will be sought through an educational program and in calling upon the public to report road sign vandals in order that they may be punished. She said:

"The law provides severe punishment for those found guilty of mutilating or destroying road signs, which are beacons of safety on our highways. These signs on county roads are paid for by the county and erected, without charge, by the California State Automobile Association's Engineering department.

"Through this campaign it is hoped to discourage the acts of vandalism which are costing the county large sums of money and at the same time inconveniencing the traveling public and endangering lives."

Mrs. Hayes said that the automobile association, which maintains and repairs these signs, offers a $25 reward for information leading to the arrest and conviction of anyone who maliciously tears down, mutilates, or destroys any direction or warning sign or other roadside marker installed by the association.

Anderson Asks Change

Importance of softening the tragic news that loved ones have made the supreme sacrifice in the service of their country has been taken up by Congressman Jack Z. Anderson in a letter to James V. Forrestal, Secretary of the Navy.

In his letter Anderson suggests that some method of informing relatives of such deaths other than by formal telegrams should be devised. His suggestion was inspired by the death of a young man in Anderson's district recently. The young man's death in France was announced by telegram addressed to his mother. The family happened to be away from home for a few days at the time the wire arrived and the message was slipped under the door to remain there until the mother returned. Fortunately she returned in time to learn of her son's death before it was published in the papers a few hours later.

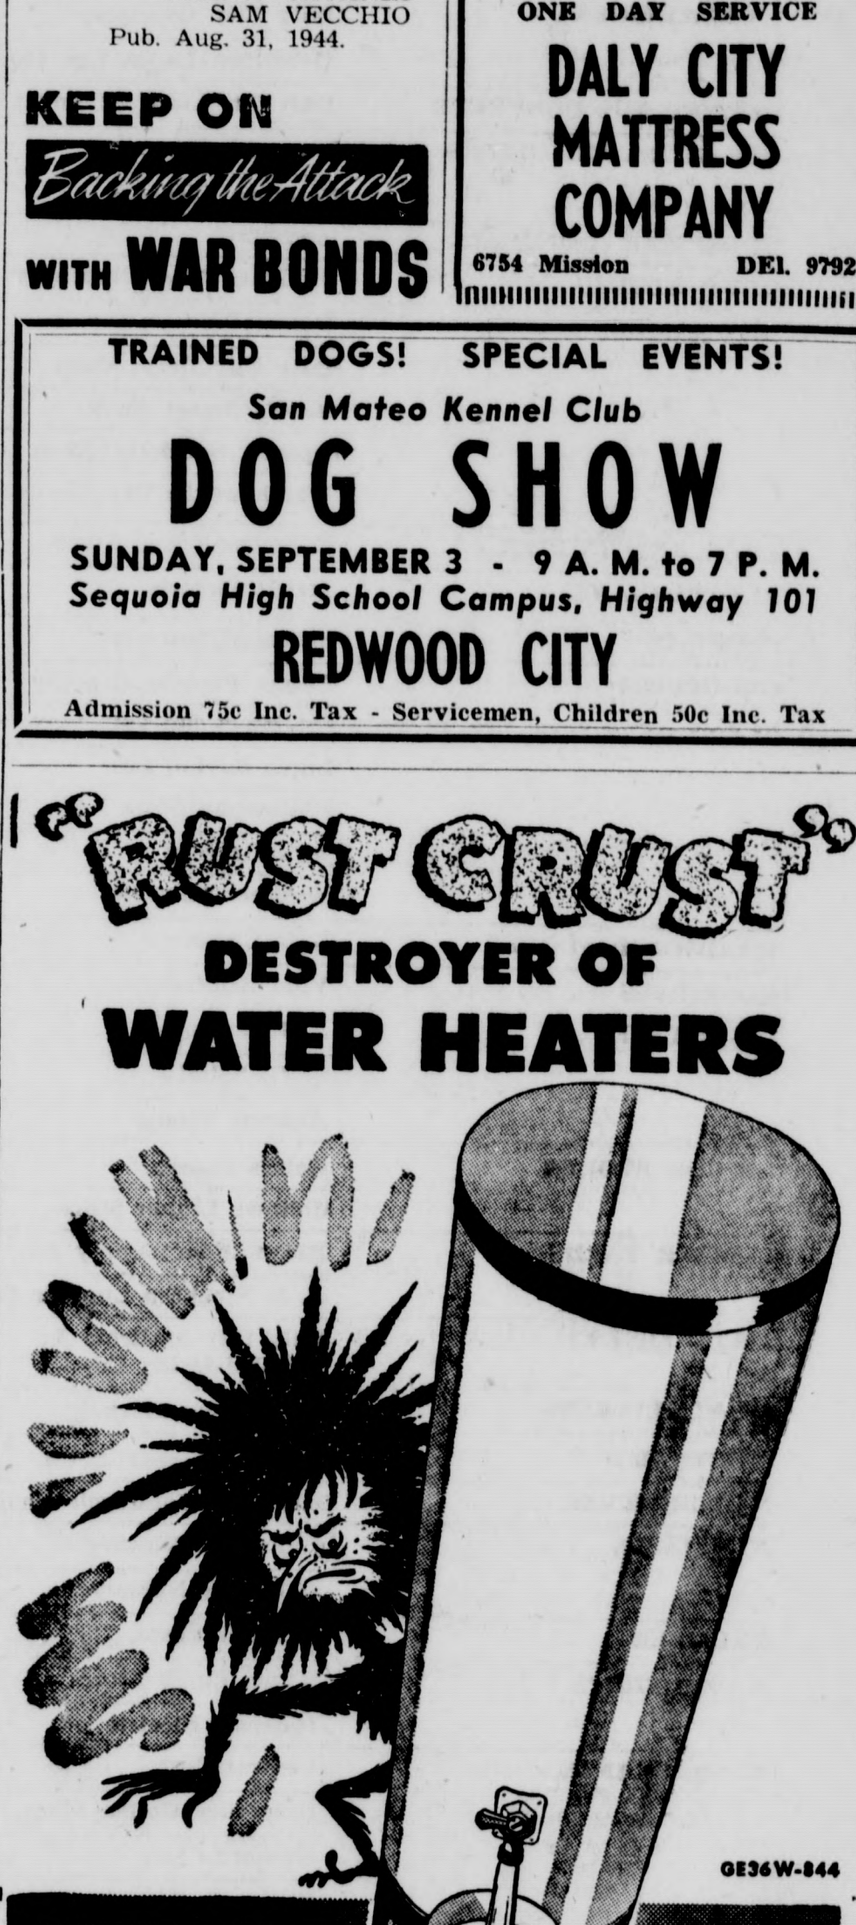
"RUST CRUST" DESTROYER OF WATER HEATERS



GE36W-844

Rust crust starts down low at the bottom of water heater tanks. Rust crust begins as a few pin-hole rust spots and then spreads into a crust of rust inside tank. The water conditions in your locality determine how rapidly rust crust develops and how soon your water heater tanks rust through and begin to leak. *There is one precaution to take...flush your water heater tank at frequent intervals.* This is simple and easy to do. Attach a hose to the faucet drain on your water heater and run off water into a bucket until water runs clear. *Do not* turn off the gas, electricity or water supply as full pressure is needed to clear tank of sediment. Do this every ninety days and rust crust formation and tank failure can be retarded.

Court St. Mary Announces Whist

At the last meeting of Court St. Mary No. 1155, Catholic Daughters of America, presided over by Grand Regent Mrs. Helen Rode, plans were made for a whist to be held, Thursday, September 7. A large committee was appointed so a good time is promised to all who attend. After the meeting was closed a farce was presented for the enjoyment of the members under the direction of Mrs. Katherine McDermott. The farce was entitled "A Model Meeting In Reverse".

This was an original play and the members present enjoyed a hearty laugh. Those who were in the cast included: Josephine Pyne (Grand Reject), Helen McDonough (Vice Reject), Gertrude Johnstone (Money Counter), Katherine McDermott (Password Takerupper), Gladys Walden (Gossip Columnist), Grace Bacigalupi (Rainy Day Chairman), Agnes Denning (Committeeman of Stitch and Gossip), Delia Kelly (Name Callerouter), Hattie Kelly (Jute Box Girl).

After this all members were invited to the social hall and lovely refreshments were served by the trustees of the court.

Letter To Editor About Local Street Railway Service

(Editor's note: the letter printed below came this week to the desk of The Record's editor, who will send a marked copy to the Market Street railway for their information but who has no practical suggestions for alleviation in as much as the service is up to the railway company under the present franchise. Although it's no comfort the best suggestion seems to be to stand it as cheerfully as possible until the City of San Francisco, which may be more receptive to pleas for better service, takes over the lines.)

Daly City Record
Dear Editor:

Here is a "beef" I have wanted to voice for many months, and I think that through your paper you may be able to help the residents of our neighborhood.

The Number 14 car has a stop station at Evergreen avenue. This stop is the pick-up for passengers for three intersections, Goethe street, Evergreen avenue, and Rice street, yet motormen will consistently fly by and leave people standing there, whether it be one person or a dozen.

Sometimes when a string of cars is up on the hill, as many as five cars have passed us up after we have stood in cold wind and even rain for as many as twenty minutes, and I mean 20.

Many times the cars will make a straight run from the top of the hill to the San Francisco County stop. Now I ask you is this fair to Daly City? What does the franchise call for in our service? Many of the people complain about this and threaten to do something about it, but no one ever does.

Can you do something for us through your editorials? Or have you any other suggestions? Now don't ask me if I know that there is a war on. My husband and son are both in it. The cars are heres—they know our regular stop!! Why???

Yours truly
Mrs. Ruth A. Moseley

To Be At Show

The progeny of this famous international champion, Mountain Chief, posed with little Peggy Poe of Salt Lake City, will be seen, Sunday, September 3, at the San Mateo Kennel Club Dog Show to be held on the campus of the Sequoia Union high school in Redwood City.

Kennel Club Event To Be Held In Redwood

The "Sidney Silkie", a breed of dog never hitherto entered in an American dog show, will make its bow at the San Mateo Kennel Club Dog Show, (first to be held on the Peninsula since the war started) Sunday, September 3, on the Sequoia high school campus in Redwood City.

Entered by Mrs. E. C. Noon of Sausalito, the solitary entry of the "Sidney Silkie," is a very small dog, average weight about four pounds and resembles a Yorkshire terrier. A very-much-sought-after pet in Australia, it has become in recent months very popular with the American armed forces in Australia.

According to Mrs. Bernice Behrendt, superintendent of the Dog Show, who is now accepting entries at 470 Thirty-eighth avenue in San Francisco, there are only five other specimens of this particular breed in the United States today.

Some 700 dogs, representing virtually all breeds, will be on exhibition at the dog show. Judging will be continuous from 9 a. m. until 7 p. m. Various special events, including performances by trained dogs, will feature the show, which will be judged by outstanding experts among whom are Forrest Hall of Dallas, Texas, Edwin Pickhardt of Minneapolis, Jack Leitch, Seattle, Washington, George S. Thomas, Hamilton, Massachusetts, and Lydia Hopkins of Woodside.

Local Political Club Will Oppose Proposition No. 12

The Roosevelt, Downey, Johnson club, with headquarters at 6283 Mission street, announces that it has passed a resolution opposing State Proposition No. 12, the "Right of Employment" amendment. Club members urge all Daly City voters, regardless of political affiliation, to work for its defeat and to encourage their friends and neighbors to register and vote against it.

Proposition No. 12 will be on the November 7 ballot. Chairman Peter J. Kelly and Secretary-Treasurer W. A. Harju branded the proposition as being "in reality a vicious anti-union organization measure designed to promote disunity between labor and management."

Taxpayers Association Gives Report On Schools

School taxes on property in San Mateo county totalled $1,588,862 for 1932-33, dropped to $778,315 for 1933-34, with the transfer of county school support to the State treasury, and climbed to $2,010,145 for 1943-44, California Taxpayers' association stated today, making public its current analysis of school support in California.

Apportionments by the state government to the school districts of the county totalled $487,779 for 1932-33, jumped to $1,072,670 for 1933-34, and amounted to $1,323,090 for 1943-44, the association found.

Pupils in average daily attendance in the public schools in the county numbered 14,867 for 1931-32, 15,559 for 1932-33, and 17,799 for 1942-43, the association found. State apportionments are based on the average daily attendance of the year preceding, it was pointed out.

Eastern Star Plans Anniversary Party

Crocker Chapter No. 382, O. E. S., will celebrate its twenty-third birthday with a dinner party at Masonic hall, Monday evening, September 4, 6:30 o'clock. Members are urged to make their reservations for this event on or before September 1 with the chairman, Mrs. Henrietta Mather, RAndolph 2237.

After the dinner there will be a short business meeting and entertainment. Mrs. Mather is assisted with arrangements for the celebration by all 1944 officers.

The sewing club of the chapter will hold two meetings during the month: Thursday, September 14, 12:30 p. m. at the home of Mrs. Hilda Robertson, 20 Havelock street; Thursday, September 28, 7:30 p. m., at the home of Mrs. Violet Wershing, 65 Vernon street.

Hughes Children Vacation At Catalina

Joan and Jimmy Hughes, children of Mr. and Mrs. James Hughes, 134 Moltke street, are spending a month's vacation with their uncle, who is a lieutenant in the United States Navy and stationed at Catalina Island. They flew to Los Angeles on the United Airline "Mainliner" where they were met by their aunt and uncle, and then took the boat for Catalina.

They have written to say that on the island there is something different to see every day and they are not at all anxious to return home. Reservations have been made for them to return home, September 9 on the 7 p. m. plane, in time to start school, September 11, at Our Lady of Perpetual Help parochial school.

Judge Roche Sentences Local Man For Theft

A Federal prison sentence of 18 months was given Walter Davis, former Daly City policeman, Tuesday, August 29, by Federal Judge Michael J. Roche. Charge against him was stealing 22 cases of chewing gum from railway cars and selling it.

Davis was arrested here, June 7, and was arraigned, June 21, in San Francisco. August 15, the judge referred the case to the probation officer for recommendation.

Meal planning for the long week-end

HERE COMES the last "long week-end" of the year! And whether you spend all of it at home or enjoy a family picnic out-of-doors, one thing is certain: meals will have to be prepared.

If those meals are *planned* well in advance—and if all possible *preparation* is done ahead of time—then you can serve interesting and satisfying food throughout the week-end, and *get some real rest yourself*.

Perhaps these menu suggestions will be helpful:

Saturday's Lunch-Breakfast—Big wedge of honeydew melon—Plain omelet with jelly—Fried luncheon meat—Toasted muffins—Coffee.

Saturday's Dinner — Generous servings of home-baked beans (cooked Friday; reheated)—Cole slaw with raisins—Crusty French rolls or bread—Apple butter—Chilled grapefruit.

Sunday's Late Breakfast — Tall glasses of chilled orange juice—Hot cakes with syrup or jam—Bacon and fried eggs on the side—Coffee.

Sunday's Dinner — Cold fried chicken (cook Saturday)—Potato chips—Big bowl of tossed vegetable salad with favorite dressing—Hot biscuits or rolls made from prepared mix—Peaches with cream (or shortcake)—Coffee or iced tea.

Monday's Brunch—Chilled fresh fruit or fruit juice—Scrambled eggs with bacon—Raw fried potatoes — Cinnamon rolls or butterhorns — Coffee.

Monday's Dinner—Cold sliced ham (baked Friday or Saturday morning)—Potatoes cooked with jackets on—Salad with pickles, tomato wedges and green onions—Coffee, tea, or carbonated beverage—Chilled watermelon.

And don't forget to plan your meals early—do your shopping early—and prepare all you can, well ahead of time!

The Women's Page

Mrs. America Meets The War - -

Mrs. America can now meet the war in color from head to toe. With the exception of two-tone footwear WPB has relaxed the colors which can be used in shoe manufacturing. Restrictions have also been lifted on minor styling features such as high heels and metal ornaments. And if you like all-leather bows they, too, can be made providing they are from scrap leather. At the same time OPA has ruled that milady's shoes will cost no more if a manufacturer substitutes an ornamental bow of equal or less cost than the one currently being used.

The clothes which you buy to keep the war worker in your home well dressed now has a ceiling price. When you go shopping for staple work clothing you will find dollars-and-cents price tags on those dungarees and chambrays.

Mrs. America, let the mail bring your new "A" gasoline ration book! You can get your application from your local War Price and Rationing Board or filling station. Attach the BACK cover of your current "A" book along with your tire inspection record before mailing it to your board. Remember, will not get your book back unless you include both attachments.

If you've been a clock watcher with an eye on that used clock you can now look for the ceiling price tag. OPA has widened its list of consumer goods to include personal and household accessories, hardware, appliances, and jewelry (except precious stones). Also covered are radios, phonographs and records, optical goods, and toys and games for the kiddies.

Mrs. America, why not fill your empty fruit cupboard with home canned peaches? WFA says there's a superabundance of cling peaches now available on the market. 'Tis true they will require longer cooking and do not skin as readily but they will solve your dessert problem when you return home from a late shopping spree.

Milk solids will soon be finding their way back to that wartime loaf of bread. The order which WFA issued sometime back restricting their use has now been withdrawn. That means the return to prewar standards of nutritive values in the bread you buy.

It may be out of date to go to your service station and say "Fill Her Up" but it's very much the vogue to ask your neighbors to "fill her up." Before you go to market or attend that dinner party remember to share your car. Keep up with the times and start a car pool.

Labor Day's Laborless Recipes

By BETTY BARCLAY

Labor Day should be a holiday for the woman of the house as well as for those who work in shop, factory or office. Of course, meals must be prepared, but why not specialize on dishes that are as near "laborless" as possible? Here are a few hints that might help:

Quick-Frozen Baked Bean Salad

Combine thawed quick-frozen baked beans with half the amount of diced celery and green pepper, mixed. Arrange in the center of a platter or large salad plate. Surround with sliced tomatoes on lettuce leaves, topped with mayonnaise.

Quick-frozen baked beans, work-free and point-free, are just like the beans that our great-great grandmothers spent so many hours preparing. They're ready to serve cold as soon as they are thawed, just as they come from their cartons; or they can be heated.

Spiced Mocha Froth

1 cup evaporated milk
½ teaspoon vanilla
Cinnamon
4 cups freshly made, hot decaffeinated coffee.

Chill evaporated milk thoroughly. Then whip rapidly until stiff. Add vanilla. Place in serving cups, filling half full. Sprinkle with cinnamon. Fill cups with coffee. Makes 8 servings.

Iced Coffee Froth. Use freshly made, strong coffee. Serve in punch cups or tall glasses with cracked ice, filling glasses as directed above.

Remember, when making decaffeinated coffee in a percolator, to let it "perk" from 15 to 18 minutes to bring out its rich coffee flavor. It's good hostess tactics to serve decaffeinated coffee, so that guests can relax taut nerves over extra cups without worrying over sleeping problems later on.

Maple Cream Rennet-Custard

1 package maple rennet powder
1 cup milk, not canned
1 cup cream (light)

Set out 4 or 5 individual dessert glasses. Warm milk and cream slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110° F.) not hot, remove at once from heat. Stir rennet powder into mixture briskly until dissolved — not over one minute. Pour at once, while still liquid, into individual dessert glasses. Do not move until firm — about 10 minutes. Chill.

Safe Canning Rule —

It's a patriotic duty to can everything you are able to. But be sure to use a pressure cooker for canning all vegetables except tomatoes. The hotter than boiling heat provided by the pressure cooker is the only safe way to avoid rare but deadly botulinus poisoning, according to Good Housekeeping Magazine. Although rare, botulinus germs may be on any non-acid vegetables you can. They are harmless until they get into air-tight jars of canned food. But if the botulinus bacteria are not killed in the canning process, they gradually create a deadly poison that usually is difficult to detect.

Native Daughters

El Carmelo Parlor No. 181, Native Daughters of the Golden West, will take part in a county-wide War Bond drive, sponsored by the Native Sons and Native Daughters, beginning September 9. Their objective will be the purchase of a B-29 bomber. County chairman is Mrs. Dorothy Donofrio, member of El Camelo parlor.

The local parlor meets, Wednesday evening, September 6, 8:15 o'clock at Masonic hall, 17 Hillcrest drive. At that time both the bond drive and a reception to be given for Mrs. Donofrio, grand inside sentinel, will be discussed.

Pershing P. T. A.

Since school will not open until after the first Tuesday in September, General Pershing P. T. A. will not hold a regular unit meeting until Tuesday, October 3, 1:30 p. m. at Pershing school. The executive board is scheduled to meet, Wednesday, September 27, 1:30 p. m. at the school, with Mrs. Louise Eliasen, president, conducting the meeting.

The program for the fall term will be discussed by members of the executive board, September 27, and final plans will be made for the October 3 general session.

BUTTER

A ration value of 16 red points per pound for creamery butter is to be maintained when point values for September become effective next Sunday, the Office of Price Administration announced today.

On August 22 when the September point value charts went to the printer, it was indicated that a value of 20 red points per pound would have to be established and a value of 20 red points per pound for creamery butter was printed upon the charts which will be posted in food stores next month.

Since August 22, however, later information as to the sales of creamery butter to consumers has become available to OPA. These later reports indicate that consumption will not exceed the allocation of 95 million pounds, for the month of September, received from the War Food Administration, if the present ration value of 16 red points per pound is maintained.

Because the point charts already have been printed, retail stores will be notified by OPA that the present point value of 16 red points per pound is to be continued in September and that a slip of paper bearing the figure 16 should be pasted over the 20 figure on the point value charts opposite the words creamery butter.

Local OPA Board Releases Weekly Column Of Advice

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board.)

NOW POINT FREE—Reduction of utility grades of beef and lamb to zero point value does not mean that there are large supplies of utility grade beef and lamb in all sections of the country. The over-all beef supply is little changed from July and there has been a seasonal decline in pork production. Some sections of the country are fortunate enough to have an over-supply of utility grades. It was with this in mind that the Office of Price Administration declared utility grades of beef and lamb point free, so that the livestock growers might be relieved. If you are fortunate enough to find utility beef at your local meat dealers, you may consider yourself lucky. If you don't find utility grades of beef or lamb at your meat dealer, just remember that beef coming to local markets is above utility grades and your meat dealer must buy the better grades of beef that are available.

LOST RATION BOOKS—Persons losing ration books are advised to report loss of the book to the ration board in the area in which the book was lost. We have fifteen books at the local board, lost by people who have not written their name and address on the cover of the book. These books are unclaimed. Members of the food panel report an alarming increase in the application for replacement of lost books. They request that you be very careful with your ration books, as there is a minimum of ten days waiting before a book can be replaced. Check your books now and make sure your name and address is plainly written on the cover. Reports have come to the board of several lost books being returned to their owners through the mail, the finders merely dropping the lost books into a mail box. Also, your ration book properly endorsed with name and address serves as a means of identification.

RECEIPT FOR SURRENDERED RATIONS ON TERMINATION—Mileage rations are issued for a particular job and should be surrendered if and when you terminate from that job. Your coupons can be surrendered to the transportation committee or your board. Be sure that a receipt is issued in duplicate for your surrendered rations and that you receive one copy and that the other is supplied your board so as to clear your file for your next application.

tle later the same morning the pair drove Mike Rosebuckel, 841 Hanover street, to Alemany Emergency hospital for treatment.

Officer James Welsh took Shirley Hunnington, 222 Vista Grande avenue, to Alemany Emergency hospital, August 25. She had fallen from her bicycle and needed treatment for a deep cut on her lower left leg.

August 26 at 7:58 a. m. Acting Chief William P. Bolger and Officer Hopman investigated an accident at Citrus and Woodrow. A Ford coach belonging to S. Racette, Mission Auto Court, had run into the light pole the previous evening, knocking Racette unconscious. The car was placed in the Daly City garage.

Sergeant Ricco Benedetti checked on a damaged street light pole which resulted when a Chevrolet sedan belonging to A. Minfro jr., 1071 Hanover street, ran away.

Sunday evening, August 27, Sergeant Benedetti was called by the manager of the Daly City theatre to oust four boys from San Francisco who were creating a disturbance.

During the past ten days, drunks of both the "fighting in tavern" and plain "gone to sleep" varieties were more numerous than usual according to police reports.

OPA Adds Apples To Market Lists

Apples, ungraded and loose, always a popular commodity with Bay area shoppers, are new additions to this week's market basket price list issued by the San Francisco District Office of Price Administration. They will retail at 2 pounds for 17 cents in San Jose, Palo Alto and the San Francisco Bay area, and for 19 cents in Vallejo, Monterey, and North Bay points.

Yams, which take the same price as green sweet potatoes, have also been added to the list, selling for 2 pounds for 24 cents in the San Francisco Bay area, San Jose, and Palo Alto and for a penny higher in Vallejo, North Bay and Monterey.

An advance of a penny on local lettuce due to growing scarcity is noted. No iceberg type lettuce is now on the market—most of it is going into the Eastern markets.

TIPS FOR OVERSEAS PRESENTS

Mr. and Mrs. America with their shopping bags over their arms are now selecting Christmas gifts for men and women in service overseas so these can be mailed within the alloted 1944 mailing period, September 15 to October 15.

Tinsels, seals, and ribbons are also tucked in these bags to lend a festive touch to G. I. Joe's parcel. The Army Postal Service sounds a note of precaution by reminding that packages must be easy to open for inspection, so the fancy trimmings have to be geared to this procedure.

Articles which are good travelers overseas and liked by the fighting men are pocket size books, automatic pencil, fountain pen, stationery, soap, razor blades, pipe tobacco and water proof pouch, cigars, cigarettes, small shaving kit, sewing kit, games (puzzles, checkers) and pocket size photographs in holder. Hard candies, dried fruit and vacuum packed nuts comprise the list of food articles which are considered practical and which are sure to arrive safe.

Wounded soldiers now convalescent at Walter Reed hospital in Washington, D. C., but overseas last year have given their own ideas as to what makes a good Christmas gift.

"A watch is something every soldier needs," comments Infantryman Albert Rossi of Philadelphia, Pennsylvania. "And the moderately priced timepiece is the best, for less regret follows its loss."

"Cameras are greatly favored for a soldier does a great deal of sight seeing and if sufficient amount of films is sent also, they would be worth while," suggests Private Nicholas DeSantis of New York City.

According to Private Kenneth Rugan of Pittsburg, Pennsylvania, cigarettes are always acceptable, especially their favorite brand. These are sometimes used to trade for wine, fresh eggs and vegetables. Lighters are necessities in most places as matches are scarce and sometimes rationed.

Games in miniature sizes which can be strapped over the leg are recommended by Private First Class Harold W. Busch of Staten Island, New York.

T-5 John Bilak of Philadelphia who has been in Scotland, England and Italy, has a list including a pocket knife which every soldier can use (must be packed carefully), batteries for flashlights, writing material in heavy portfolio for protection, razor blades and fountain pens.

Private Albert Sidman of Philadelphia thinks: "Fruitcakes sent in airtight tin containers are very popular overseas. Another ideal gift is a box of chewing gum for this is not always obtainable at the front." He also indicated that a few extra pairs of regulation socks or handkerchiefs are welcome although G. I. issue includes these items. Canned whole hams and jellies are good for the Santa Claus stocking.

Families and friends at home have a wider range of gifts from which to select for the women in the Army serving in England, Italy, Africa, Egypt, India, Australia, New Caledonia, New Guinea, Hawaii, Labrador and other spots. Among the favorites are: identification bracelets; personalized stationery; sunglasses, polaroid or with ground lenses, colorful rims and fantastic shapes; fruit cakes in air tight tin containers; books, current best-sellers; cosmetics, favorite brands in metal or paper cartons; cologne and perfume; cream deodorants; rayon or silk sheer hose, fine lisle hose in tropical climates; handkerchiefs, fine white fabrics or pale yellow linen; chamois-colored scarf and gloves; starch, non boiling; playclothes, ski suits and swim togs. The woman soldier is limited in packing facilities just as is the fighting man.

KEEP ON Backing the Attack WITH WAR BONDS

Here's Error To Avoid In Applying For Basic "A" Gasoline Ration Books

Applications for renewal of basic "A" gasoline rations should be mailed to the applicant's local War Price and Rationing Board and not to the District Office of Price Administration, Kenneth R. Lowell, acting rationing executive, said today.

"Persons, who mistakenly mail their applications to the district office instead of to their local War Price and Rationing Board, are not only delaying the prompt delivery of their own books but are causing needless work for hard pressed local boards and for the district office," Lowell emphasized.

The rationing executive's statement was made after the District Office of Price Administration had received thousands of renewal applications for basic "A" rations which should have been directed to local boards.

Daly City residents should mail their applications to O. P. A. Board 83-12-3, 470 Grand avenue, South San Francisco.

"I wish I could do MORE to win the War..."

BUT—have you taken the first step in War Service? Are you keeping *yourself* physically fit?

Why is that important? Two simple reasons: First, you can't render all-out service if you are feeling all-in. Second, by getting well, *keeping* well, you relieve overburdened physicians for pressing community service.

Better go to a Physician now, while yours is a one-call case. Delay may prove dangerous for you, burdensome for him. And—may we suggest—bring prescriptions here for careful compounding and courteous service.
